Elk Point Children's Services present community plan draft

The Elk Point Children's Services Working Group has presented their draft information for the community plan which will be part of the Region 12 Preliminary Service Plan.

Unfortunately, the meeting designed to gather community input drew only two members of the public, however Carol McArthur of Children's Services told the group "the product you produced is super." The Region 12 steering committee will take the data from all these community plans and start analyzing it in the near future. There are 14 working groups in Region 12, which covers the same territory as the Lakeland Regional Health Authority area, and most of these have completed their community plans.

The steering committee has identified areas of interest, and would like people from the communities to sit on committees which will look at each of these categories. A preliminary plan will "probably be ready to come back to the region at the end of November," Ms McArthur said. Once this is approved by the Commissioner of Services for Children and Families, a service plan will be built, which will probably be completed by the spring of 1998. At that point, they will start working on a regional authority board. "Everything is on track so far," she noted. "In the meantime, things will stay as they are. We probably won't see any major changes for about a year and a half."

The local working group said a regretful goodbye to Ms McArthur, who is leaving Children's Services at the end of June to work for Alberta Vocational College's Social Work department.

The draft includes a comprehensive community profile which includes statistics on population, employment and income, crime and family violence, education, health and other factors.

Underlying issues such as communication, volunteers, the need for continuity in programming, partnership, small town dynamics and employment, were taken into consideration, and the desired outcomes, such as a safer environment, healthy families, self esteem, community spirits and a trend to 'go back to basics' were listed. Five pages of strategies to bring this about were outlined in the draft, covering everything from child protection to integration of newcomers.

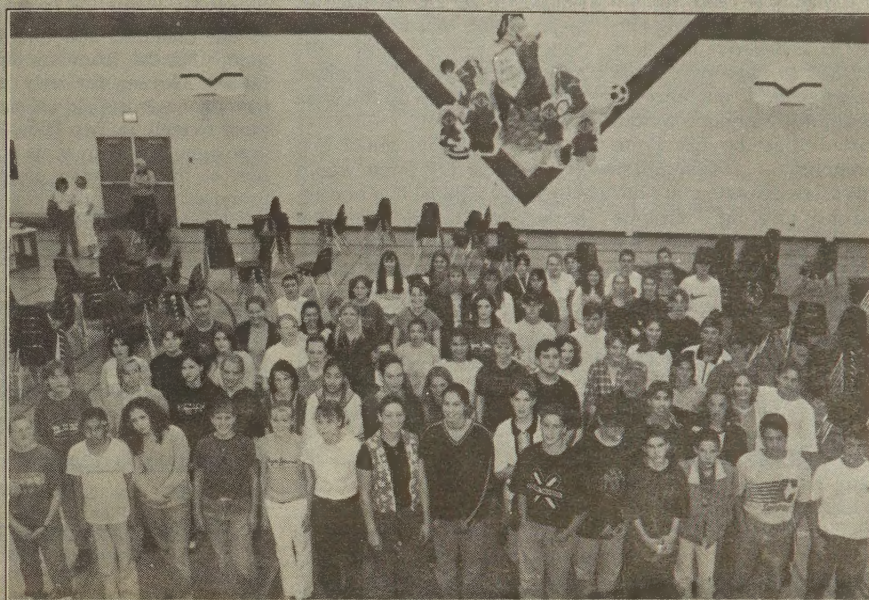

Chamber recessed for the summer

Elk Point Chamber of Commerce is all set for their summer break, after hearing updates on their spring and summer projects at their June 18 meeting.

The Community Prayer Breakfast was declared a success, although attendance was not large. Guest speaker, Dr. Dorothy Ryan, was entertaining and informative, the Quist family's Crystal River gospel music group was outstanding, and the breakfast was tasty and plentiful.

Next on the agenda is the Canada Day pancake breakfast, for which planning is nearing completion. Volunteers from the business community are being sought to help with flipping pancakes and serving sausages and coffee. It

(Continued on Page 2)

THEY'RE THE LIMIT! F. G. Miller Junior and Senior High students who entered their 80 percent-plus marks over the school year attended the Crusade Above the Limit Grand Finale last week, with over 90 prizes given out to this huge crowd of lucky draw winners. Have a good summer, Crusaders, then come back and keep on Crusading Above the Limit!

Interagency Health Committee sets goals, mandate for new executive

Elk Point's Interagency Health Committee had good representation from agencies in the area with 15 interested individuals attending their June 17 meeting. Chairman Jim MacLellan said the task force which set up the committee "really enjoyed putting this together. The best part is what we're seeing today. You're already making us feel tremendous."

While the task force is now dissolved, many of its mem-

bers are remaining on the committee. MacLellan, who noted that "the real fire and passion for [the formation of] this group came from Sid Holthe," said he was glad to be working with a number of people whom he also works with on other groups.

MacLellan consented to remain as chairman of the group, with Margaret Modin as vice-chair and Deanna Easthope as secretary.

Goals of the new group

included greater communication between health providers with a needs assessment, health prevention initiatives and funding, seniors' housing and care, and the viability and longevity of the Elk Point Health Centre. A number of options were discussed, including communication with the Regional Health Authority, political pressure, public awareness and input, synergizing with current recommendations, examination of future

(Continued on Page 2)

Early holiday deadline

Due to the Canada Day holiday, the Elk Point Review will be published on Monday, June 30.

Deadline for all news and advertising for this week's issue is 2:00 p.m. WEDNESDAY, June 25.

Torch relay here today

The World Police and Fire Games Provincial Torch Relay passes through Elk Point today at about 5:30 p.m. The public is invited to the Seniors Recreation Centre to cheer on the runners.

The World Police and Fire Games Torch Relay, which is sponsored in part by Alberta Power Limited, started yesterday in all four corners of the province, at Grande Prairie, Cold Lake, Lethbridge and Crowsnest Pass. Up to 60 law enforcement officers and firefighters will combine to carry torches along the four legs of the route, and will join up at the World Police and Fire Games opening ceremonies this Saturday in Calgary.

Interagency Health Committee discusses goals

(Continued from Front Page)

needs and presenting of proactive recommendations, and the increasing number of medical doctors and services provided.

Reports were heard from each of the agencies present. Cathy Hellum of Mental Health said that on-site assessments are now available in communities, and it may be possible to have a mental health therapist visit once a week. Psychiatric nursing student Diane Bellerive feels it is "exciting" to have psychiatric nursing go back out into the community. Margaret Modin reported that the Elk Point Interagency Committee enjoyed lawn bowling at their windup meeting. Deanna Easthope reported on the Children's Services meeting coming up the next evening.

Isabel Myshaniuk, Home Care, said that a need for additional care for Heritage Lodge residents has been recognized, and her employees are now there on a daily basis to provide assistance. Derwent and Fishing Lake are now on her case load.

Melvin McGinnis of the Community Health Council feels "this Interagency Health Committee is a great thing. The other CHC members wish their towns had one."

Alvina Schuhmacher reported that Heritage Lodge is full to capacity, with 15 individuals on the waiting list. The lodge is presently going through the accreditation program.

Irene Melin reported that the Seniors Wellness sessions

are going well, with Barb Kaufman of the Health Centre as last month's guest speaker and Dr. Sandy Coe this month, and seniors coming in from surrounding areas for the sessions.

Elk Point Chamber of Commerce has hosted a successful Prayer Breakfast and is looking forward to their Canada Day breakfast. The tourist information centre is now open for the season. Vic Stepa added that he feels the "whole process" of the Interagency Health Committee "is fantastic. Keep up the good work."

Louis Verhagen noted that the Town of Elk Point would still prefer a direct line of communication to the Regional Health Authority rather than through another committee.

Barb Kaufman reported that physiotherapy services have resumed at the Health Centre. The LRHA has approved funding for four additional long term beds and one respite bed for the balance of the year. Renovations are underway for the relocation of Dr. Coe's office.

Laurie Moyah, community representative from Frog Lake, feels the IHC is "breaking new ground" by opening lines of communication and input. She spoke on the opening of the new Frog Lake Wellness Centre, and commended that agency for offering workshops, such as one coming up this week on dealing with grief.

Jim MacLellan reported that the Pastoral Care Committee meets this week.

Chamber winds down for the summer

(Continued from Front Page)

It takes at least fourteen people to feed the expected crowd of over 800 breakfasters.

The Tourist Information Centre is open for the season, and has already welcomed a number of visitors to town. The TIC is open 10 a.m. to 6 p.m. Wednesday through Sunday, until the end of August, and operator Sherry Pelech has an exciting lineup of new material, including information from across Canada and the northern USA.

Town Manager Curt Svendsen paid his farewell visit to the Chamber, and told the group that the Town has hired Myron Goyan, formerly the town manager in Cold Lake and more recently in Two Hills, has been hired to take over his position at the beginning of July. Svendsen was thanked for his involvement with the Chamber over the past five years and wished well in his retirement.

The Chamber's computer, originally purchased to use with a business directory program, does not have the capability and speed of operation for the more

advanced form this program has since evolved into. A decision will be made into its future uses when the Chamber resumes operation in the fall.

NOTICE OF NOMINATION DAY

Local Authorities Election Act (Section 26)
Local Jurisdiction: Town of Elk Point
Province of Alberta

Notice is hereby given that Nomination Day is July 2, 1997, and that nomination for the election of candidates for the following offices will be received at the location of the local jurisdiction office set out below between the hours of 10:00 a.m. and 12:00 noon on Nomination Day.

COUNCILLOR -- 1 Vacancy

10 Reasons Why You Should Install and Maintain Smoke Alarms in Your Home!

- 10: Smoke alarms are cheap (less than \$10.00).
- 9: Smoke alarms are required by law (1992 Alberta Fire Code).
- 8: Smoke alarms 10 years or older must be replaced!
- 7: Installation is not enough. Smoke alarms must be tested monthly using a just snuffed-out candle. They can fail due to age or malfunctioning circuits.
- 6: Most deadly fires start during sleeping hours.
- 5: Most fire victims die from inhaling smoke and toxic gases from fires not from burns.
- 4: Last year only 30% of rural homes that had fires had smoke alarms in them.
- 3: Smoke alarms provide early warning of smoke and fire danger.
- 2: A fire can spread to an entire house in less than five minutes. Seconds count in a fire emergency.

The number 1 reason why you should install and maintain smoke alarms in your home...

You and your family are worth it!

Screen Test

Alberta Program
for the Early Detection
of Breast Cancer

GOOD NEWS ABOUT BREAST CANCER!

SCREEN TEST and the Lakeland Regional Health Authority are working in partnership to bring breast cancer screening to the Elk Point area.

Mammography and education on breast health are free and available for women 50 - 69 years of age. A doctor's referral is not required. You may make your appointment by calling:

1-800-667-0604 (toll free)

Screening will take place at

Elk Point Hospital
5310 - 50 Avenue

June 2 - 4, 1997
July 15 - 17, 1997

From the FCSS desk...

Get ready! Tuesday, July 1 is Canada Day!

By Deanna Easthope
FCSS Director

Can you believe that next Tuesday is July 1st? Where did June go? Now July is arriving and with it, we will open the month with our Canada Day Celebrations. As we drive around town we have observed the special Canada Day Celebrations signs being put up in our local businesses. Thank you, merchants! Yes, this is a special day to celebrate.

Canada is our home country. Our home is 3,851,809 square miles with 27,296,855 people in 1991 of various ethnic and racial origins. Today, in 1997, from a personal estimate, my guess is that we probably have about 29,000,000 people in Canada.

Our nation became a nation in 1867 with the signing of Confederation. The vision of Confederation is the reality of today. To quote from the Hon.

John Diefenbaker, Prime Minister of Canada from 1962 to 1967, who responded on the question of Confederation on April 29, 1964, when he wrote in reply to a high school student in Montreal:

"First, as to Confederation, I believe it was an inspired conception that, over the years, produced a strong, free and prosperous nation. I conceive it to be the duty of all Canadians, from whatever racial stock they may spring, to cherish the spirit of Confederation, maintain its provisions and build on the vast possibilities for a full and rewarding life that it presents to men of goodwill. Confederation is Canada."

Another concept of his that I like is his vision of Canada. He said: "Freedom and equality for all Canadians, however humble their lot in life and whatever their racial origin. One Canada, One Nation."

Today, we are still One Canada and One Nation. We

have many things to be thankful for, including our diversities and our freedoms.

IN Elk Point, our Canada Day Celebrations will be reflecting our diversities and freedoms, as well as the age of our community. To open our celebrations, Sunday, June 29th at the Elk Point Elementary School, there will be a Gospel Concert. A time to reflect on who we are spiritually and to be thankful for the gift of freedom to worship as we choose. Various people from all the churches in Elk Point have been invited to participate. See you there at 7:00 p.m.

On Monday night, a Canada Day Bash will be held at the Elks Hall starting at 8:00 p.m. Then on Tuesday, Canada Day, there is the Pancake Breakfast from 8:30 to 11:00 a.m. followed by the Parade at noon. We are encouraging anyone to enter our parade. The theme is "90 Years of Settlement." Then in the afternoon, there will be

an outdoor stage performance from 2:00 to 4:00 p.m. During the afternoon, other things will be happening including a craft

sale.

Come and be a part of the Elk Point Canada Day celebrations!

The Town of Elk Point Notices & Information

OPEN HOUSE

There will be an "open house" for those who wish to meet with the Town Assessors to discuss your 1996 Land and Building Assessment on which your 1997 Property tax is calculated.

DATE: JUNE 25, 1997

TIME: 1:00 P.M. TO 8:00 P.M.

PLACE: TOWN COUNCIL CHAMBERS

County of St. Paul No. 19 1997 RECREATIONAL FACILITIES GRANT

The County of St. Paul No. 19 is now accepting applications for Recreational Facilities Grants which are provided to help offset the operational costs of these facilities.

Application forms are available at the County Office, or send a letter indicating the activities your organization is involved in and the amount of the grant you are applying for to:

Robert Krawchuk, County Administrator
County of St. Paul No. 19
5015-49 Avenue, St. Paul, AB., T0A 3A4

Closing date for applications will be November 30, 1997.

Red Cross campaign very successful

By Jean McGinnis
Campaign coordinator

Thanks to all Red Cross canvassers and donors for a very successful 1997 door-to-door campaign. Total amount col-

lected this year was \$8992.40.

Without the volunteer coordinators and the generosity of the donors, this would not have been accomplished.

Donations by area:

Landonville \$1420.00;
Lindbergh and area \$1371.00;
Heinsburg, Dewberry and area \$1324.00; Elk Point town \$2175.40; Elk Point rural \$2627.00; Derwent \$75.00.

NEARTA meets in Mallaig

On June 17, 35 members of the North Eastern Alberta Retired Teachers Association met in the Golden Age Centre, Mallaig. We heard main points from the latest ARTA meeting. Margaret Michaud reported briefly on the recent NEARTA trip to Rosebud Theatre to see

the outstanding performance of "The Diary of Anne Frank." A tasty buffet lunch, prepared by the Mallaig ladies, was enjoyed by all. Later, we visited the interesting Mallaig Museum. Next meeting of NEARTA will be in Elk Point, September 16.

View Points

READY FOR A LONG, HOT SUMMER -- Elk Point Health Care Auxiliary members Wasy Elaschuk, Violet McFadyen and Melvin McGinnis presented a small deepfreeze to Carolyn Onusko of Parkview Extended Care. This will be used in conjunction with the snack kitchen adjacent to the large common room in the facility.

Letter to the Editor

Showing commitment to our rural youth

Dear Editor:

Thank you for publishing our 4-H events and club reports. The positive support you give is truly appreciated. We are fortunate to have a newspaper editor who is sensitive to rural interests and is willing to go the "extra mile" to ensure the achievements of our young 4-H members are recognized. Thanks for your news coverage of the recent St. Paul District Steer

and Heifer shows. Your editorial in the St. Paul Journal, "Learn to do by doing," was timely. It put in perspective the intent of the 4-H program and shows your understanding and commitment to rural youth and their positive accomplishments in our community. Thanks for "good" news.

Yours truly,
Lorraine Danyluk
Elk Point Multi Club
Overall Leader

Sky Watch

By Lois Ramer
Astronomy Buff

Those bright constellation and comet studded, clear winter skies, and my 92-year-old favorite astronomy partner are dearly missed! We will turn to the next chapter through memories though warm, easy tears remain.

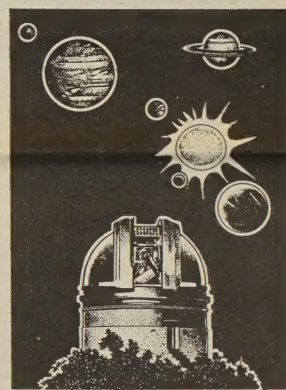

In review, this 92-year-old woman, my astronomy-partner mother, now occupies her front row seat in astronomy class as of May 25th. In March she was so very excited to be able to observe Comet Hale-Bopp with me though her eyesight was somewhat limited. It seems to me that our Creator brightened the comet's headlights for several nights just for her. It was also her joy, after careful night study and observing, to identify the Belt of the Orion. Now that's astronomically classy... a woman of nearly a century old finds the Orion. She loved the handiwork of God, so I thank Him for giving

her this last earthly gift of being able to look upon His universe and say, "there's the Orion," "I see Mars," and "oh, that comet is awesome." Her astronomy instructor is now indeed her Creator... front row seat, perfect, unobstructed view, the ultimate.

Yes, those clear, cool winter night skies and their contents are also missed! In May when the last glimpse of the comet was seen among the poplar branches by our house there was a lump in my throat. It seemed like part of us would soon be no longer visible. Since we're made of some of the same stuff... molecules, minerals, etc. we indeed have 'things in common'!! So, "bon voyage, my friend... and thanks for the show!"

On to new chapters. This past Monday evening, June 16, we were privileged to humbly sit among professional and lay astronomers at a public lecture by Dr. Alex Filippenko, an astronomy instructor from the University of California... Berkley. As invited, public guests (Edmonton Journal, June 15) of the Edmonton Space and Science Centre we learned about supernovae and the large-scale structure of the universe. My dictionary is teaching me new word mean-

ings: of parametia, homogeneous (I believe that means consisting of parts of the same kind), aeteregenius... actually, if my pen could have recorded every word not understood, the list would be a tad long. Nevertheless, we learned more about how exploding stars are found. Thew group of scientists that Dr. Filippenko does research with secured a time and space slot with the Hubble Space Telescope. An area in the universe where a supernova is suspected of occurring is photographed at new moon. Several weeks later when there is again no moon light another picture is again taken at the same location. Then what to their expectant, eager eyes should appear... a new star explosion... SUPERNOVAE!! This is just one of the ways that astronomers locate a supernova.

When stars explode, the brightness is billions of times that of the sun before gradually fading. New stars are continually being formed as a result of a supernova. Also elements such as carbon, gold, iron, oxygen, silica and uranium are by-products of these explosions. If you are interested in learning more about exploding stars secure any information you can on the Hubble Space Telescope and its latest data. Helpful sources are the Edmonton Journal and astronomy and science magazines.

A bit of news regarding asteroids reported by the Canadian Press. Another new 'companion' has recently been discovered orbiting our home... earth. This chunk of asteroid rock number 3753, estimated between one and ten kilometers in diameter, is weaving a chaotic trail out there in space.

On to new chapters

Kim Innamen, one of three astronomers at Toronto's York University who have discovered the asteroid's orbit states, "It's been in our own backyard for some time but we've just discovered this unusual orbit. It's a big rock doing a very spectacular, exquisitely choreographed dance." Canadian Press also reports that the asteroid's unique orbit has never been observed among more than 5000 catalogued asteroids in our solar system. It appears to travel in a "horseshoe," reversing its course every 385 year when it approaches earth. ("Thank you, God.") Astronomer Innamen says there is not a similar object to this in the solar system and "it's going to become the target of very intensive scientific scrutiny."

Well, let's come back a little closer to 'home.' Actually only visibly closer, because we can see it with the naked eye. Our friend Jupiter, clearly seen in the eastern skies at 1:30 a.m., is approximately 628 million kilometers away at its closest encounter with Earth and Asteroid #3753 is only 10 million kilometers away at its closest.

When Jupiter greeted us in the early hours of the morning, June 12, it was a beautiful welcome to summer in the Lakeland area. Have you spotted him and wondered what heavenly object you were observing?!! Jupiter is the largest of the planets, situated in orbit between Mars and Saturn... only the second planet outward from Earth. Another planet, Venus, is slowly emerging after dusk during June; by June 30 being just a few degrees above the NW horizon one hour after sunset and gradually moving higher in the sky. The red planet Mars has been splendidly gracing the southern evening sky for several months; easily visible near the gibbous moon. By the time this paper goes to press Mars will be moving eastward into Virgo, its brightness dropping from magnitude -0.5 to +0.7 by June's end (the lower the magnitude number, the brighter the object).

Another calendar note... Jupiter will be below the gibbous moon in the eastern, early morning sky on June 24.

SOLI DEO GLORIA!!!

Weather, exams shut down White Sox

By Doug Bassett
Elk Point Minor Ball

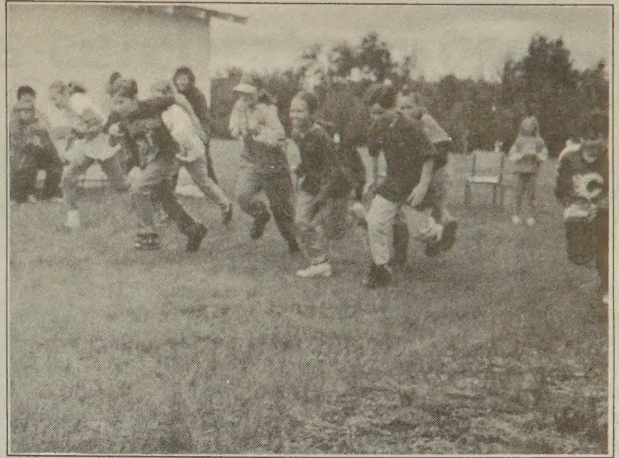

The possibility of playing last week was very slim considering the weather, but the White Sox were shut down because of final exams and the Grade 12 departmentals. The midget league final in Consort this past weekend was rained out and will be played this coming weekend (weather permitting, of course). This week the White Sox will also host

Goodfish on Thursday night.

In other league final tournaments this weekend, which weren't cancelled due to rain, the talented Bantam girls who have gone undefeated all season, took the league final trophy in Cold Lake, defeating Bonnyville, Pierceland and Cold Lake in a very close final. Great pitching by Tori Warawa, Tamara Rainboth and Kandace Bjornstad and home runs by Erica Nielsen and Jackie Penz

kept their winning streak intact.

Rick Bilak's Mosquitoes won the B side of the league in St. Paul and his Squirt girls with four home runs by Carlen Mutch won the B side hosted by Elk Point. The Pee wee boys and Bantam boys, after playing great all season only losing once each, had disappointing weekends, losing out in the league finals held in Pierceland and Bonnyville.

ON THE RUN AT FERGUSON FLATS -- Down-home good times, including a variety of races, ball games for all ages and a kiddies' fish pond were the order of the day at Ferguson Flats Community Picnic last Sunday. Skies were threatening and the wind was cool, but a good time was enjoyed nonetheless at this traditional annual event.

ELK POINT ROYAL CANADIAN LEGION hosted their second annual fun golf tournament this weekend with great success. A total of 35 golfers were on hand for the 9 a.m. start. Prizes donated by Cal's Home Hardware, Woody's Trophy and Gift, Magnet Athletics (st. Paul), Capitol Drugs, Jean Russell, Peggy Fidler-Zaraska and Louis Verhagen were presented at the end of the tournament, when everyone enjoyed a steak barbecue. Trophies went to Ernie Poiras and Home Poiras, in first and second place respectively.

STRAIGHT TALK FROM ALBERTA TREASURY BRANCHES

A MESSAGE TO ALBERTANS

You've likely already read in the newspapers that Alberta Treasury Branches (ATB) posted a loss of \$124 million in the past year.

As a customer and an Albertan, you have a right to ask why, and what are we doing about it?

HERE ARE THE ANSWERS DIRECTLY FROM THE BOARD AND MANAGEMENT AT ATB:

Over the past year, we took a good hard look at the loans on our books. Our aim: to assess loans where the customer is behind in their payments and to make an allowance for those loans where there is a possibility the money might not be repaid. In this way, we can state that the value of our loan portfolio is appropriate and real. This same type of review was

undertaken by every major Canadian bank and most Credit Unions during the mid 1980s and early 1990s – with many announcing major writedowns as a result. It's our turn to go through this exercise.

As a result of the review, we have set aside an additional \$198 million for potential loan losses, which has resulted in a net loss on operations for the fiscal year 1996. Losses of this magnitude are never good news, but setting up a provision for these losses is good business practice. You can be sure that Alberta Treasury Branches remains strong – in fact without these extraordinary loan loss provisions ATB would have posted a substantial profit for the year.

In short, the Board and management at ATB have recognized the need for a more business-like approach and have taken appropriate and prudent corrective action. We have confidence in the integrity of our bottom line.

With new loan practices in place, new products coming to market and our qualified staff, we are optimistic that ATB will deliver good financial news for our customers, our investors and our owners – the people of Alberta.

1997 marks a turning point in the 59-year history of Alberta Treasury Branches. It is a year of new beginnings. A new Board of Directors provides strong stewardship. A new management team provides new energy, new ideas and strong leadership. And new legislation will strengthen ATB's ability to compete.

We are proud of ATB's strong tradition of supporting Albertans. Based on this strong commitment to Alberta, we are ready to take on the challenges of the future and to be Alberta's First Choice.

Marshall M. Williams
CHAIRMAN OF THE BOARD

FAREWELL GIFTS were presented to departing teachers Bryce Lorenson (above) and Norm McCowan (below) by F. G. Miller principal Jim Hawkins.

Crusaders celebrate success Above the Limit

The cheers of the Crusaders drowned out any construction noise last Wednesday as the F. G. Miller student body made their way through the demolition maze their school has become for the Crusade Above the Limit grand finale.

Principal Jim Hawkins welcomed them with the news that construction will still be underway when they make their way back to classes in September, but that by the middle or end of October, the new office and their new student common area will be ready for use. Registration for the new school year is set for August 26 and 27.

"I'm really proud to be a Crusader," roared phys ed. instructor Adrian Kiss, to the delight of the students. Kiss paid tribute to a number of students who have gone way beyond normal performances to become the school's sports celebrities:

Cross country — Donna Kulczycki and Robyn Danyluk (who have both been in cross country every year since grade 7), Carrie Baumgardner and Dennell Anderson (who went on to cross country provincials), Len Hoac, Rocky Pankiw, Loren Kozicky.

Badminton — Jeff Faithful Senior Girls Basketball — the whole team who are SPAA Champions; and Raegan Croteau, who was chosen defensive allstar at the Crusader tournament

Junior Boys Basketball — Chad West and Greg Zarowny, who led the team and "almost pulled off a championship"

Senior Girls and Junior Boys Fastball teams, who won SPAA championships

Boys' Doubles Badminton — Dustin Sieben and Preston Krankowsky

Senior Zone Track representatives at Provincials — Tamara Allan, Krystal Yake, Amanda Ference, Janice Derewynka (Christa Lypka also qualified)

Junior Track — Brian Poitras, Jena Bassett, Len Hoac, Julie Whiffen-Peters, Girls 4x100 relay team, Tori Warawa Girls' Handball team

"Anyone who supported extracurricular sports is a celebrity in my eyes," Mr. Kiss concluded.

Farewell gifts were presented to teachers Bryce Lorenson and Norm McCowan, who are leaving F. G. Miller this year.

Pam Jabush, (shown above) who is also leaving FGM this year.

dedicated one of her songs, "Wind Beneath My Wings," to Lorenson and McCowan, and "How Can I Help You Say Goodbye?" to the many friends she will soon leave behind.

Mike O'Neill led a round of applause for Leanne Wilson and Romy Rohner, who both competed at provincial level of the Legion Poster Contest, with Romy going on to the National competition.

Library volunteer Doris Wilson was recognized by the staff and students for her help, which also included assistance with the Above the Limit program, career day, wellness day and the murder mystery which were part of the year's activities.

The balance of the afternoon was spent determining the 93 winners of over \$4000 in prizes sponsored by the community. A total of 7903 entries were received during the school year in the Crusade Above the Limit contest.

Watch next week's issue for a list of the winners.

Give yourself a FAIR chance

By Irene Magnusson
Elk Point Fair Board

It's probably hard to be thinking of and preparing for the annual Elk Point Fair, with the Canada Day celebrations looming so close, but we hope you will give a few moments thought to it... at least enough to make you a prize winner in whichever classes you enter. Don't forget the date -- August 15 and 16, at the A. G. Ross Arena.

If you haven't found one yet, please note that the new 1997 Fair Books are available at the Elk Point Review office as well as at the Further Ed building, and of course, are free. You really need this book, which lists all the categories, with careful instructions as to how your entries should be displayed. When I say there are 14 categories, each with dozens of varieties of articles, you will recall from other years just how many that is! Well, you need that book NOW -- or sooner!

Don't get YOUR entry disqualified because you put 10 berries on the tray instead of 8; or four cookies or rolls, instead of three. There are LOTS of instructions in that book; get it and study it, well beforehand. But DO enter; your best efforts, crafts and

skills deserve to be on display, for all to see... and a few dollars in your pocket to signify your expertise!

Don't forget to encourage your kids to enter in their favorite categories... there are 93 to choose among! And so very interesting to view, after the ribbons are attached.

Whatever your skills may encompass, from grains to veggies to photography, from baking to handicrafts, to writing-- get at it!! We want to see it AT THE FAIR!

TELUS introduces unbeatable long distance prices.

Now, with TELUS Your Way™

Long Distance, there are new
savings that give you the best
price for your way of calling.

TELUS Your Way
Long Distance

14¢

or less
per minute
evenings &
weekends

NEW

TELUS Your Way Plus Savings™

Less than a year ago, we introduced the great savings of TELUS Your Way Long Distance. Now, we've changed the name to *Your Way Plus Savings*. And we have made the savings better than ever.

If you call mostly within Alberta, it's the plan for you. Pay just **14¢ per minute — and even less — evenings and weekends within Alberta**. Plus, you now get bigger savings on your daytime calls across Canada. And we've introduced overseas pricing that's second to none. You are also eligible for AIR MILES® travel miles.

If you're already a TELUS Your Way customer, all the new savings of TELUS Your Way Plus Savings are already yours to enjoy.

NEW

TELUS Your Way Straight Savings™

Starting June 30th, we're also giving Albertans a second savings option: TELUS Your Way Straight Savings. Pay a **straight 14¢ per minute**, evenings and weekends, and a **straight 16¢ per minute**, daytime — wherever you call in Canada. It's a great plan for keeping your calling simple and flexible.

Guaranteed.

With TELUS *Your Way* Long Distance,
we guarantee Albertans a price that's
unbeatable when compared with the major
competitors — and that you're on the right
TELUS *Your Way* plan for your needs.

NEW

TELUS Long Distance Guarantee.

THE RIGHT PRICE.

You will pay no more with TELUS *Your Way* Long Distance than with the other two major long distance companies or we'll refund the difference.
(For more details about how our guarantee works, call our guarantee information line: 1-888-55-PRICE.)

THE RIGHT PLAN.

We will ensure you are on the right TELUS *Your Way* Long Distance plan for your way of calling, the one that gives you the best savings. We'll review your account every six months. If the review shows that you'd save more with the other TELUS *Your Way* Long Distance plan, we'll recommend you switch.

Choose long distance your way.

CALL TODAY TOLL-FREE: 310-5555

NOTE: For *Your Way Plus Savings*, minimum three minute call duration is required for quoted pricing to apply.

R. E. Beattie Library receives valued assistance from many sources

By Denise Smereka
Librarian

The R. E. Beattie Library would like to thank all those who have made donations of time, books, materials and funds to the library this school term.

A very special thanks to 2M Resources for their donation of approximately \$900. 2M Resources was a school based company overseen by Mr. Ron Onusko and run by a variety of students over the years. They operated the cafeteria until Mr. Onusko's medical leave in March of 1995. The company has been dormant until recently, when Mr. Onusko decided to transfer the account to the R. E. Beattie Library where he felt the funds would best reach the students of F. G. Miller High School. The money will be used to purchase books, periodicals and materials.

Approximately \$300 of that will be put aside to pay for framing future projects such as former Students' Union Presidents' cards, graduation group photos and other Crusader memorabilia.

This year the Class of '96 (last year's grad class) made a generous donation of a periodical stand. The stand rotates on its base and can hold 8 magazines. It is a great space saver and greatly appreciated.

There were three parent volunteers in the R. E. Beattie Library this year. Mrs. Marlene Swain volunteered one half day a week until she began to work full time, Mrs. Jane Lowe came in every Thursday during the beginning of the year, and Mrs. Doris Wilson faithfully arrived every Wednesday morning and spent the day at F. G. Miller. Thank you, Mom helpers, for donating your

time and entering books into the computer. Special thanks to Mrs. Wilson who not only catalogued, but was a very integral part of putting Career Day and Wellness Day (and various other projects) together. Having you here is wonderful!!! Thanks, too, to all the parent volunteers who helped with the Murder Mystery, "Alibi" this past winter.

Finally, there were a great many books donated this year. The students and staff that donated them are too many to mention, but their donations added greatly to both the fiction and non-fiction collections in the library.

On behalf of myself, the staff and the Crusaders, I would like to send our heartfelt thanks to 2M Resources and all those who made donations to the library. Have a great summer!

Operators

NEWALTA CORPORATION, a Western Canadian-based resource management and environmental services company, is primarily involved in the recovery of resaleable products from waste materials and in the treatment and disposal of waste materials. The Company is publicly traded on The Toronto Stock Exchange and offers services to two distinct market segments: waste generated from crude oil production; and waste lubricating oils and related waste materials from automotive and industrial generators. The Company's network of facilities throughout Western Canada operates at the highest safety and environmental standards. The Company currently employs 325 people throughout Western Canada delivering Newalta's exciting growth plans both internally and through acquisitions.

A strong focus on business fundamentals and an aggressive growth strategy have allowed Newalta to deliver superior performance for its shareholders over the past four years. Newalta's Oilfield Division, providing premium customer service, has developed a network of facilities strategically located in the major areas of crude oil

production. Consistent with this strategy, Newalta is pleased to announce the construction of a new facility at Elk Point, Alberta commencing in June with plans to be operational late this fall. Recently, Newalta announced the acquisition and future capital enhancement of an oilfield waste processing facility located at Marwayne, Alberta. The addition of new facilities at Elk Point and Marwayne as well as Newalta's existing facility at Hughenden will provide a broad range of high quality service to producers in Northeast Alberta and Northwest Saskatchewan.

Our growth is creating challenging opportunities for candidates to demonstrate their abilities as part of our highly successful team. Candidates will be highly motivated individuals who have the ability to work independently while on shift and who feel comfortable with record keeping and the maintenance and operation of plant equipment. Excellent communication and interpersonal skills are required to work productively with operational staff and customers. Specifically, we require the following:

Plant Operators

Possessing one to three years relevant experience, preferably in oilfield activities, you have a strong mechanical aptitude combined with a minimum high school diploma. A Steam Boiler certification is an asset.

Lead Operator

Your demonstrated leadership experience is critical. You have combined the skills and experience of a Plant Operator with the ability to motivate your team. You are recognized for your problem-solving skills and your oral and written communication skills.

Operational Technicians

You have a chemical or mechanical technical diploma and relevant oilfield experience. You demonstrate strong verbal and oral communication skills, and your experience as a trainer is an asset.

If you wish to be part of our progressive company, please forward your résumé, outlining your experience and abilities, by August 1, 1997 to:

NEWALTA CORPORATION

TIC talk

By Sherry Pelech
Tourist Information Clerk

First, let's make one thing perfectly clear. We at the Tourist Information Centre (TIC) are not in charge of the weather. We did not ask for all this rain, and no, we do not know when it will stop. In fact we are feeling just as surly as everyone else.

The Man Next Door tells me that he saw a pair of ducks swimming in his garden. We of course tried to top that story by telling him we have mushrooms growing on our deck. (We don't think this is a particularly good sign — however, it is one way to raise your morel.) This sounds a lot like a comedian's patter... How wet was it? It was soooo wet that children were being born with webbed feet. It was soooo wet that we had mosquitoes the size of livestock...

But, back to tourism. We had a tourist in the other day who was positive Kehewin Lake was south of town. We had a long discussion on the topic. We don't know if we convinced her otherwise. We certainly hope so. The next 'lake' she is

going to find to the south is probably the Gulf of Mexico.

We have not had all that many tourists so far this year — what do you expect with all this rain? — but we have had

people from Saskatchewan, B.C., Quebec, the Yukon, the State of Washington and one young man from the Balkans. Not too bad as we've only been open a week.

You have invested a lot of time and money into your crop so far

What's news at the library?

A living salute to our founders: our 50th Anniversary garden

By Michele Ducek
Librarian

Dis you know that this fall, the Elk Point Public Library celebrates a milestone anniversary? In the fall of 1947, a social studies class set up a community library as a school project. Volunteers soon took over the running of the library which enjoyed several scenic locations within Elk Point until the present building was erected. That makes the library 50 years old and to celebrate, we want to create a living salute to the men and women who contributed their time and effort to the library. We will be planting a garden (a flower bed, actually) on the north side of the building. Since this is our 50th anniversary, the primary color of the garden is gold (or yellow) with patches of complimentary color (most likely blue). The garden will be dedicated to volunteers past, present and future and a small sign will be placed among the plants to indicate this. We are inviting individuals, families, organizations and businesses

within the community to participate.

This participation can take many forms. All you wonderful gardeners out there can share your expertise and experience by suggesting to us what plants will do well and look great in that location. The library will gladly accept donations of bulbs, seeds, etc. that fit in with the colors of yellow and blue. Donations of labor are also welcome as the proposed site is currently covered in grass and will need to be dug out. The library will also accept cash donations

which will be used to purchase plants and shrubs as well as some garden tools (a hose, a hoe, etc.).

Everyone who contributes to the garden will have their name placed on a poster to be framed and hung in the library. Anyone interested in helping us out with our 50th Anniversary garden can contact Michele at the library.

I received the Fall / Winter bestseller order form this week

and it looks like a good winter for book lovers. Here are a few new arrivals from the summer bestseller list:

Melody Logan searches for secrets of her past despite threats from her grandmother in *Heart Song* by V. C. Andrews.

London by Edward Rutherford is the fictionalized

history of one of the world's greatest cities from its roots as a Roman enclave to the present.

Many Albertans gamble as a form of recreation. For a small minority, however, gambling becomes a problem. If you or someone you know is experiencing personal, social or financial problems as a result of their gambling, confidential help is available. Call 1-800-665-9676.

IN MEMORIAM

CONRAD, Joe

In loving memory of a dear husband, father and grandfather, Joe Conrad, who passed away July 1, 1996.

*There is a bridge of memories,
From here to heaven above,
That keeps you very close to us,
It's called a bridge of love.
As time goes by without you,
And days are only 1 year,
They hold a million memories,
And a thousand silent tears,
If roses grow in heaven, Lord,
Please pick a bunch for us,
And gently lay them in his hands,
And tell him they're from us.*

Always loved and never forgotten by our wife Ann and family.

It is with pride that we congratulate our daughter and sister

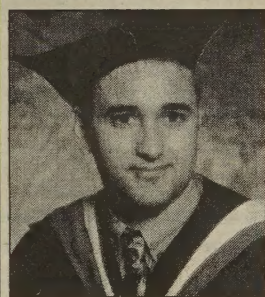

TOBEY CONRAD

on receiving her

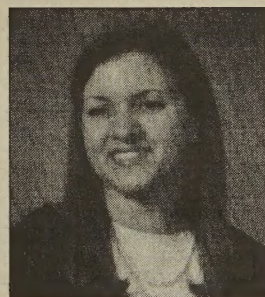

Bachelor of Science Degree in Nursing

With distinction from the University of Alberta on June 9, 1997. We wish her much happiness as she begins her career at the University of Alberta Hospital.

Mom, Dad & Justin

David J. Sherwin

Tamara A. Sherwin

Lesia and Bernie Sherwin, recent arrivals to the Elk Point area from Toronto, wish to congratulate their children, David and Tamara, upon the recent completion of their Masters' degrees and their acceptance to Doctoral programs at the University of Calgary. Both children received their undergraduate degrees from the University of Toronto. David received his M.A. in English from York University in Toronto and will pursue concurrent Ph.D. and Law degrees this fall. Tamara received her M.A. in History from the University of New Brunswick in Fredericton and will enter the Ph.D program in History in September. Welcome to Alberta, kids!

"Service is our motto"

VICTOR STEPA & LARRY DEMCHUK

THANK YOU

MONETA

The Moneta Family would like to thank all the relatives, neighbors, friends who visited us. Brought floral tributes, fruit baskets, trays of assortments, sent sympathy cards and many comforting phone calls to our house during our bereavement of beloved husband, father and grandfather, Paul.

Thanks to staff at St. Therese Hospital and Stars Air Ambulance; to Fr. Ron Hollohan for kind words of comfort and wisdom and Divine Liturgy; also Roman Dobriansky; to cantors - Mary and Kate and Sacristan Steve Seniuk. Thank you to Michelle for doing the Eulogy; to pallbearers, cross and flag bearers; to Elks for Special Memorial Service; Royal Purple Ladies for serving lunch.

Special thanks to John and Caroline Yewchin and Ken for your compassion and professional help. To all the people who donated to Heart & Stroke or choice of their own in memory of Paul. Your thoughtfulness will always be appreciated and remembered.

Lena, Gail, Don & Family

St. Paul Education Regional Division #1

STUDENT

TRANSPORTATION AREAS

POLICY:

St. Paul Education Regional Division No. 1 recognizes its responsibility to provide transportation for students in accordance with the intent of the policies of Alberta Education and in keeping with student needs at the local level.

While the Board accepts parents' right to choose the school their children shall attend, in a rural setting this right is not automatically extended to include transportation. In order to respect Alberta Education guidelines and maintain an efficient and effective transportation system, the Division must establish transportation areas. Students living within a particular transportation area will be provided with transportation to a school within their specified area.

GUIDELINES AND PROCEDURES

- The Board shall develop and review on an annual basis transportation areas regulating transportation for students residing in a specified geographic region.
- Transportation areas may overlap where appropriate and feasible as determined by the Board.
- Parents and individuals purchasing new property are responsible for contacting Central Office to confirm their transportation area. Lack of knowledge of transportation areas shall not be an acceptable reason for cross-area transportation. Transportation areas are subject to change and one cannot assume that they will forever remain the same.
- All cross transportation area requests shall be dealt with the Board once per year after June 15 and prior to the start of the new school year.
- All requests for transportation outside of an individual's transportation area must be received in writing as per the specified form by the Director of Facilities and Transportation no later than June 15 to be considered for the following school year.
- All cross-area transportation approvals shall be for one school year only. Those wishing to have their transportation considered for an additional year must submit the necessary form and return it to the Director of Facilities and Transportation no later than June 15.
- Parents who have registered at a school outside their transportation area and have not been approved for transportation are fully responsible for transportation to that school, but may receive on a year to year basis approval to drive their children to an existing pickup/drop-off point on a route to that school providing room is available on the bus and in the school.
- A transportation agreement must be in place with the sending / receiving jurisdiction prior to any student(s) being bused into or outside of the Regional Division.
- Only one bus will be sent per household or yard i.e. transportation will be provided to one school only.

Approved: October 15, 1996

Please note: The Board will be accepting requests until June 30, 1997.

OPERATIONS ASSISTANT

Norcen Energy Resources Limited is continuing in its efforts to increase the focus of its operations through multi-disciplinary teams, a sharper operating focus, a flatter organizational structure, and a simple and understandable approach in conducting business. With operations in Western Canada, the Gulf of Mexico and South America, we are a \$3 billion upstream oil and gas company which encourages innovation and creativity in all of our employees. If you can add value to our company and would like to share in our success, consider joining us as an:

As part of the "Eastern Edge" team at our Elk Point office, you will provide administrative support to the Workover Coordinator and technical staff. Typical responsibilities will include data entry and retrieval, coding of payables and associated administrative tasks. This will be complemented by other related duties such as production accounting and administration of payroll and vehicles.

You have exceptional people skills and an aptitude for database, word processing and spreadsheet applications. Outstanding organizational skills are a must, and are supported by experience in accounts payable, production accounting and previous exposure to general administrative functions.

The "Eastern Edge" office is a dynamic environment made up of 19 individuals responsible for the leadership, technical and administrative aspects of Norcen's operations in northeastern Alberta. The office is located in the heart of the Lindbergh oilfield, 19 kilometres southeast of Elk Point.

If this opportunity interests you, please send your resume by June 30, 1997, to: Norcen Energy Resources Limited, Bag 5, Elk Point, Alberta T0A 1A0.

Only those candidates under consideration will be contacted.
We sincerely thank all applicants for their interest.

We are an equal opportunity employer.

Norcen
ENERGY RESOURCES LIMITED
